### **DETAILED ACTION**

1. Claims 1-6, 11-15, 30, 40, 41, 47-51, and 57-61 are pending. Claims 11-15 have been withdrawn without prejudice in response to the Restriction filed 11/25/05 entered as Response to Election/Restriction and Request for Extension of Time.
2. The Change in Correspondence Address filed 12/02/05 has been entered.
3. The Change in Power of Attorney filed 12/05/05 has been entered.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:  

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claim 1 recites the limitation "data warehouse" in line 8. Claim 11 has a similar problem in addition to "meta-model". Claim 47 recites the limitation "generated database" in line 12. Claim 52 recites the limitation "second schema database" in line 6. Claim 57 recites the limitation "generated database". Claim 60 recites the limitations "customer behavior report", "first dimension table", "customer profile group", and "fact table". There is insufficient antecedent basis for these limitations in the claims.

### ***Drawings***

6. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because Figures 1A, 1B, 2C, 2D, 4A, 4B, 4C, and 4D need the shading removed and formal drawings for all drawing figures need to be submitted. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The

Art Unit: 3624

corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

The claims are in condition for allowance once these minor things are overcome.
